Dear Jim, 10/18/83

Please tell Bud, Mark, Kevin, etc., that I'd like to have a copy of anything they may see about Jean Davison's Oswald's Games as soon as they see it and about her. I'm reading proofs instead of Henry when I walk and in some ways I'm fascinated.

It is dishonest, it is (to the uninformed or those of certain preconceptions) persuasive and well-written.

But the dishonesty is not accidental and is essential to the book.

Lardner is doing a review now, or has finished it, and he likes it. Or did. He prefers to ignore most of what I've told him.

Omissions in the biblio include my work and Howard's. There is no reference to any of the multitudinous records discosed under FOIA. She depends on Epstein, Newman, Morrow, HSCA and WC Report and 26. So selectively! And again, dishonestly and falsely.

I'm not taking time for details now but I'm annotating as I read. If any of you hears from anyone who is ijterested.

I'm sure there has been puffery and/or ads in Publishers Weekly and probably elsewhere.

Best,
